ELIGIBILITY OF DOGS & DRIVERS: Any dog participating in a Long Distance Trek organised by the Alaskan Malamute Working Association must be a pure bred sled dog and be registered with the Kennel Club to that effect, or have a rescue number issued by the Official Breed Club for that breed (sled dog breeds only) or have an AMWA Working Number.

Siberian Huskies issued with a BSHRA or SHWA(UK) Welfare Number or SSSR Rescue Number will be able to participate. The driver/owner must be a current AMWA member to be eligible.

Non sled dogs owned by participants are eligible to walk the course with a handler but may not be in harness or attached in any way to a rig/sled/driver.

Dogs undertaking any Long Distance Trek must be **18 Months** of age on or by the date of the event. Those between the age of 18 and 24 months old and participating in their first trek will normally be restricted to 7.5 miles or the minimum distance offered dependant on the team size with a minimum of 5 hours rest between runs. Longer distances may be permitted at the organiser's discretion taking into account proven fitness.

JUNIORS: Junior members may take part in a non-competitive Long Distance Trek (day time only) at the organisers' discretion. They must however be accompanied by a parent in an accompanying team (in which case they must stay together for the entire distance) or alongside walking/running/cycling. They will not be permitted to take part in a night run unless between the ages of 16-18. This would also be at the organisers' discretion.
